

OUR OFFICE POLICY

Your Care

We will do our best to help you attain your health goals. If we are unable to do this, we will reevaluate, get a second opinion and/or otherwise alter what we are doing to reach these goals.

We ask for your participation in your care by doing your home care recommendations, e.g. ice/heat/exercises/movements.

Your Visits

If you are scheduled for an appointment, a doctor will be here to take care of you. Please be here for your visits when you are scheduled.

Payments

In exchange for services rendered, we charge a reasonable fee. Please see attached fee schedule.

We accept insurance assignment on most major medical insurances. We participate in Blue Cross/Blue Shield, Anthem, Aetna, and Cigna. At this time, we do not accept Medicaid or Medicare.

We expect that full payment or co-payments be paid for at the time of services rendered. A zero (-0-) patient balance must be kept on a weekly basis. This can be done by:

- Cash/check
- Credit card (MasterCard and Visa)
- Debit card (with a Visa or MasterCard logo)

In agreeing to begin care in this office, I agree to the above policies. I understand that my highest potential for improving my current health depends upon the extent to which I honor this agreement.
